NOVEMBER 1980

Sorry Mates - things are slow all over - including the J I B E office. For you new members, never fear, you will receive your membership cards as soon as we get them signed.

What a month October was!!!! You folks who can't pull yourselves away from those week-end football games are missing the real action. The "SECOND HANDI-CAPPED, PRIVATE CLUB BOAT, 25FT & OVER, NON-SPINNACKER, INSIDE-THE-BAY, FRIENDLY COMPETITION RACE" to Vallejo on Oct. 11 got off to a drifting start promptly at 0900. Such starting line maneuvering and tactics you have never seen before (and probably never will). We even had honest-to-goodness racing flags, although a bit moth eaten, they looked fantastic from a distance.

For such a slow, sloppy start (it was foggie), all the boats, ranging from 25' to 36', roared across the finish line within about 15 minutes of each other.

"JOINT VENTURE" -----Tom Bollinger & crew
"MUCHO LOCO" -----Carl & Liz Provine
"FARRALONES" -----Hal & Charlotte Farr
"DOS CAMPANEROS" -----George & Vi Finefrock
"TO ONYIROMAS" -----Byron & Mary Athan
"SASSY LASS" -----Jim & Terry Congdon
"MILUV" ----- Richard Utter & crew

"QUEENIE" (Doc & Lib Vaughn) was committee boat along with the assistance of "LOGOS" (Perry & Virginia Brandes), they came from Pittsburgh to join the cruise. After everyone got snuggled up to the dock a bacchanalian party got underway on the Vallejo Y.C. terrace, followed by a fine dinner. It rained during the night but the beautiful sun came out in the morning. Everyone departed at their own leisure.

The next couple of weeks were pretty active around the club with the redecorating project getting first priority and alot of members just came around to bat the breeze. I think there was more breeze batting than work done.

*Meetings every third Monday eve.

Our Halloween[^]and cruise party did not have a very large turn out so it was very intimate. Free food, beer & wine. George & Vi Finefrock went to alot of time and work to clean up after the renovation crew and put up some ghouley decorations. Many, many thanks. No mention will be made of the members who cleaned up the club in the morning because you have heard their names so many times before. Come on people, give those members a break!!!!!!

After leaving at different times Saturday, the TIYC armada all ended up at Coyote Point Y.C. (little different last year) for their annual Halloween party. Guess what?????? We were a week late - so we all went ahead and donned our costumes and had another Halloween party of our own. It was so good we lined the guest dock with jack-o-lanterns so stragglers could find their way back to their boats. Our rapture was broken by 2 mummies that joined our antics but never disclosed their identity!?!?!?!?!?

On Sunday morning the usual moochers went to each boat to see where the best breakfast was being served. "PACIFIC JUNE" won hands down, lox & bagels washed down with champaign. Roast beef hash & eggs didn't stand a chance.

I'll bet most of you didn't realize we have a palm reader in our flock. Pat Sholine amazed us with her profound, in depth, deep and sometimes embarrassing hand interpretations. To bring us all back to earth, Ken MacDonald blessed our feet Fleet in his own industrial way. What a fun cruise and thanks to Bill Mau and his hailer, Coyote will remember us until next year.

Now to less serious things. Bill Mau we thank you again!!!! That ice machine is working better than the ice-machine at the Dixie Motel down in Dickenson, Texas. It's working so good that one of our new female members got the cold shoulder upon her request for ice. Speak up girl, that's what we have meetings for.

A little paragraph for you folks without boats but want to participate. Come to the meetings. Let the boat owners get to know you. Our roster has people who need or want crews. Drive over to the club on week-ends and get to know one another. Might put a paint brush or a broom in your hand be cause "Busy hands are happy hands". So just drink a glass of prune juice and always remember "A loose ship is a happy ship".*

Past Commodor Tom Carrier & his 1st mate Sil attended our last meeting. They journeyed from 24 Kahili Sumay, (some dastardly place in the Pacific) to warn us they are returning soon.

*"Chicago PT Mariner" - Pete Noe

OVER-HEARD AT THE LAST MEETING: (October)

The "Alcoholic" is getting ready.

Hidden sail locker uncovered.

Bob Schreiber is cruising to Mexico.

There will be 4 big boat races next year.

The club will get new carpeting.

Who the heck is Pete Noe?????????????

Do you have any boat gear that you thought you needed but didn't????????????????????

There has been talk of a "White Walrus" swap/sale. Start rummaging around - you just might have what someone else needs. We'll set a date and let ya'll know when.

Yours truly did not get to the November 7 installation dinner, but scuttlebutt has it that Madelene McSheehy jumped out of a cake at the stroke of midnight.

There was an old woman of Thurston,
 Who thought her third husband the
 worst one;
 For he rightly was reckoned
 Far worse than the second,
 And the second was worse than the
 first one.

Let us know if you like the crosswords.
